

Procurement Issues Solved!

Save Time, Save Money, Broaden Choice,
Enhance Quality & Improve Product Knowledge.

All possible in your own offices and at zero cost!

BVAA can help major Valve Users on all these issues through our unique... **Desktop Exhibitions**

For many years, the British Valve & Actuator Association (BVAA) has organised desktop exhibitions at customers' premises.

Here is what our hosts say:

'Thanks to BVAA, we were able to hold a fantastic event that gave our engineers and procurement specialists an excellent opportunity to study the valve & actuator industry up close and had the chance to question the experts in person...

'I was really pleased to see a great turnout across both our offices and I have received a lot of positive feedback from colleagues to say how much they learnt. We are very grateful to BVAA for all their hard work in organising this event...'

KBR Procurement Specialist

'The exhibition was well received within AMEC and we had a very good turnout on the day.

'It is important to us to keep staff up-to-date on the latest technological and mechanical innovations.

'BVAA managed the event very professionally, we are very thankful to Rob and his team'
